I don't know anything about it – I would be concerned though because there is a report regarding the upper floors, and also because I know Dawn did work in your offices a few years ago. I will check with Mike Misch to see if there is anything he knows and can share.

Subject: Asbestos Report

Sandi: What, if anything, can you tell me about a report of asbestos in the Council Chambers? I understand that the County is moving its meetings out of the Chambers. Do we need to do something similar for Common Council?

Bob
