Re: Public Records Request AR25-0764

Dear Logan:

Your public records seeking submissions and produced records relating to public records requests AR25-0001 through AR25-0100 has been referred to me. I am enclosing with this letter a log that lists the information contained on the forms of all public records requests submitted to the City of South Bend from January 1, 2025 through the numbering of AR25-100. You will note that there are no request assigned AR25-001 or AR25-002, but there are twenty-five requests bearing AR24- prefixes received between January 1, 2025 and January 6, 2025. This is due to a technical issue related to the automatic numbering of requests that briefly occurred at the start of the year.

Please use this list to request any corresponding records produced that you are interested in obtaining. Depending on the specific request, some of these records may require a cost to produce, and some may not have the same disclosure decision as the original request if you do not have the same relationship to the case as the requestor did. Corresponding records responsive to each request will have to be individually reviewed to determine whether they can be reproduced to you.

If you have any questions, you may contact our department at (574) 235-9241 or apra@southbendin.gov.

Sincerely,

Danielle Weiss
Danielle Weiss
Senior Assistant City Attorney

Encl.

DANIELLE WEISS
